

I can talk about the importance of being part of a community.

Write down what the word community means to you.

Check in the dictionary if you are not sure.

Think about all the different types of communities you and your family belong to and how you work together.

On the following pages there are some different ideas on communities .

Write something about each of the communities , why are they important ?

There are some prompt questions to help you .

If you can, add more sentences about more communities you can think of or that you belong to.

School community: How do we help each other to learn?

What events do we have at school where we have to work together .

The local community: neighbours, local shop owners - how do we all help each other?

Religious communities: how/ when do people come together to celebrate and worship?

Sport club communities : Why do you think it is important to work together in sport?

What happens if you don't?

Next step :
Why do think it is important to belong to
a community?
