

PRINCE OF WALES PRIMARY SCHOOL

Newsletter
24th July 2024

Dear Parents/Carers, Governors and Friends,

We conclude another very successful year at Prince of Wales Primary filled with growth and achievements that without the commitment and passion of all our staff, wouldn't have been attainable. They make our school the wonderful place in which to learn, work and thrive. I'd like to thank each and every one of them for their hard work this year. I take this opportunity to say what a privilege it is to lead Prince of Wales Primary School. It is made even more rewarding by working with a dedicated team, whose collaboration is essential to our success.

This year, we sadly say goodbye to the following colleagues: Mrs Hickman, Miss Bereketoglu, Ms Garcia, Mrs Crooks, Mrs Doci and Mr Orr. A big thank you on behalf of all, for your hard work and commitment to Prince of Wales Primary. You will be missed by pupils and staff alike and we wish you all the best in your next endeavours.

It's also hard to say goodbye to our children and families that are moving on, especially our Year 6 children; we are proud of your achievements and are confident that you will continue to build on these as well as our LEARNERS values as you move on to secondary school. Do keep in touch!

Finally, As the school year comes to an end, I look forward to spending quality time in the weeks ahead with my family who throughout the year appreciate that this is more than just a job for me. However, I eagerly look forward to the opportunities and new beginnings that the next year will bring.

Wishing you all a very happy summer.

P.O.W WHOLE SCHOOL SUMMER ART PROJECT

We have been working on our whole school project this term, which is themed around celebrating the diversity in our school community.

The artwork is a celebration of world art, music and dance. The children have each created artwork that is a representation of their own identity.

'I liked learning about different cultures and my own culture' - Irem

'I enjoyed learning about the Windrush and it was good to link history and art' - Bianca

'I liked learning about my cultural art and creating something to represent me' - Kenya

Summer Health Checks

A Reminder For Parents & Carers

As we are all aware the summer holidays are approaching, less than 1 week away!
Summer holidays are an ideal time to catch up on the essential health check-ups for your children.

Dental

All children should have a regular check-up. The dentist will advise how often, depending on how good your child's oral health is. A check-up allows the dentist to see if your child has any dental problems and helps keep the mouth healthy. NHS dental care for children is free.

Brush teeth twice daily for about 2 minutes – last thing at night before bed and once during the day with fluoride toothpaste to help prevent and control tooth decay. Do not rinse after brushing, just spit out. If you rinse, the fluoride won't work as well.

Asthma

If your child has a diagnosis of asthma, an annual asthma review with your asthma nurse or GP is very important.

The review is a routine appointment where your child will be examined to ensure that they are being prescribed the correct medication to keep the asthma attacks under control.

You are also able to talk about your child's asthma and ask questions i.e., symptoms, triggers and medicines. You can also talk about asthma attacks and how to reduce them.

Immunisations

If your child is of school age, please contact *The School Aged Immunisation Service*.

The School Aged Immunisation Service administer vaccinations in schools and hold catch up clinics for children who have missed any immunisations.

Pre-School Boosters contact GP

Flu (rec to yr 11) in school & catch-up clinics

HPV & MMR (yr 8) in school and catch-up clinics

MEN ACWY, Diphtheria, Polio, Tetanus (yr 9)

in school and catch-up clinics

Vision

Free NHS sight tests are available at Opticians for children under the age of 16 years and for young people under 19 in fulltime education.

Eye checks are important. Children may not realise they have a vision problem, so without routine tests, there is a risk a problem may not be spotted. This may affect their development & education.

If you require any further information or support from the **Enfield School Nursing Team**, you can contact them on:
